PEOPLE TELL THE STORY

A school is comprised of people; people tell the story of a school. They tell of the confusion of the first day; the anticipation of new classes and new teachers; the relaxation in the cafeteria chatting with friends; the excitement of cheering our teams on to victory; the worry before a test and the joy, or disappointment, after receiving the grade; the anxiety of finals; and the mixed feelings of gladness and nostalgia at graduation as the year comes to a close. This 1970 ATHENIAN is a record of the people of our year.

Our Leaders Lead Busy Lives

A high school principal and assistant principal must be able to handle administrative responsibilities as well as to gain the respect of the entire student body. Mr. Carpenter and Mr. Byler have accomplished both of these things. They are known by all as friendly, enthusiastic, and understanding men. Even in some of our darker moments, the disciplinary ones, their reasoning and fairness have won the respect of the student body. We are proud to have such outgoing administrators.

WE'VE GOT

SPIRIT

A lot of people can give you a definition for it, but not a lot can say they really show it. The people on these two pages weren't ashamed to show their spirit. Real school spirit isn't just yelling at pep rallies and going to ball games, but having pride in your school and not hesitating to show it. It's participating in school clubs and extra-curricular activities, and putting your best into everything you do for this school.

The Bearcat cheerleaders decided that Debbie Eichelberger and Tom Stevens, Seniors, seemed to show the most spirit this year. Mr. Nichols, Senior English teacher, was the member of our faculty who showed the most school spirit.

Under Milkwood lets you observe one day in the life of Llareggub, a small Welsh fishing village. With the readers, you are permitted to see the people of the town as they get out of their beds, go about their labors, chores, and play, and then to be tucked into bed again. You are permitted to peer into the villagers' dreams, listen to their gossip, read their mail, observe their loves, share their fears. There is good and bad in Llareggub. There is old and new, greed and passion, humor and sadness.

The Student Council is a cross-section of all the students in Sherman High. The Council uses its efforts to develop a better relationship between the students and teachers. In this way the Council hopes to establish a system in which the student body and faculty will together improve the school now and in the future.

The Student Council also tries to improve the organization by involving the student body more actively in the school, such as school spirit at pep rallies and games, and student activities.

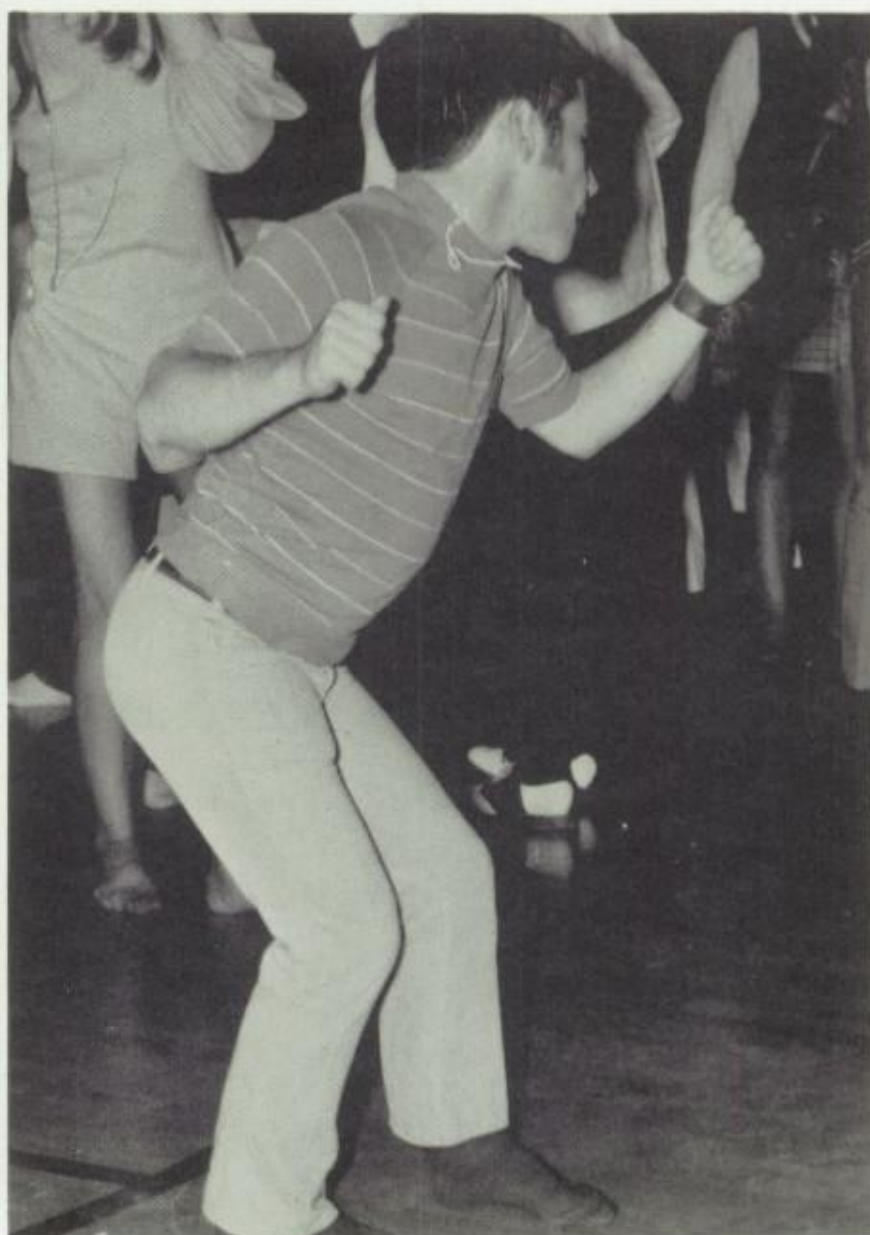

For Faculty and Student Body

Leading the 1969-1970 Student Council are Jerry Gullledge, serving as vice president; Marianne Chapman, who is secretary; and Fred Mangrum, the president. These officers are chosen in the spring by the next year's juniors and seniors.

Some of the student activities sponsored by the Student Council are the Sock-Hops. Here Stan Anderson, a junior, dances to music provided by the CY-BORG, who played at our first Sock-Hop of the year.

Future Teachers of America Learn What It's All About

Future Teachers of America is a national program for high school students who are interested in the teaching profession. Its purpose is to inform young men and women about teaching as a career. One of the most important things an F.T.A. member learns is the answer to the question "what inspires the teacher?" Partly the student who has learned about the subject being taught and partly the feeling he has enlightened a student's thoughts are the basic reasons.

Athenian Business Staff Sparks Sales of Yearbook for 1970

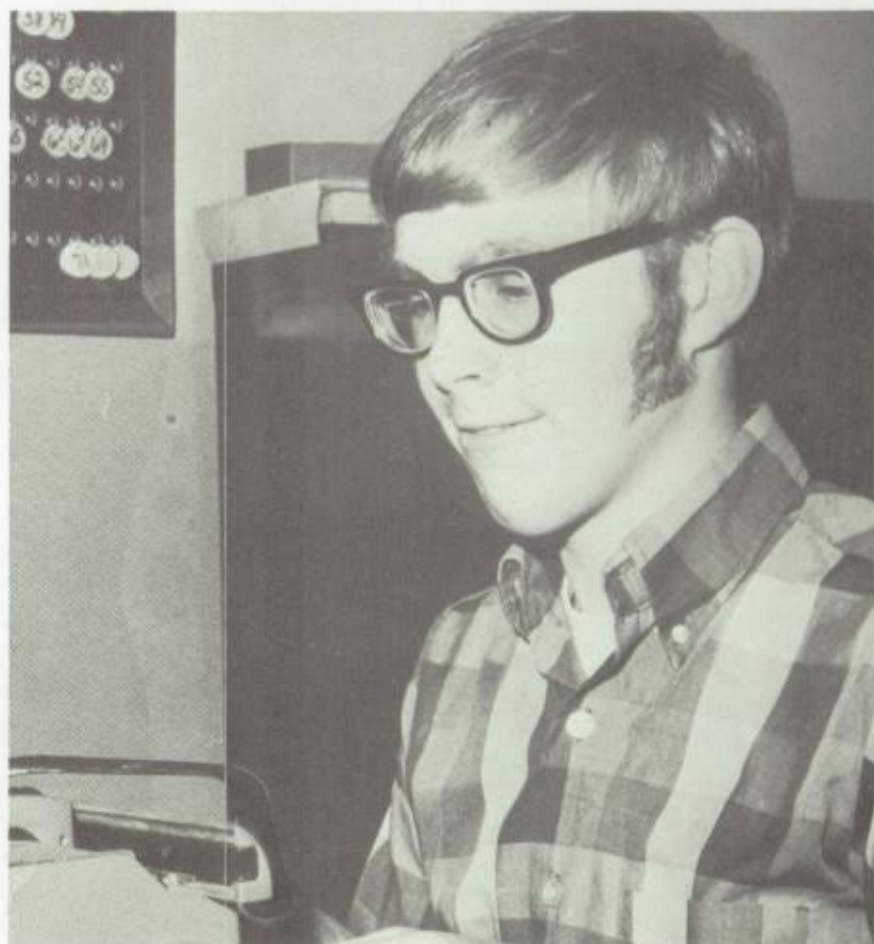

We on the ATHENIAN Staff owe a lot of thanks to our efficient Business Staff of Cliff Powell, Karen Kennedy, Jan Blurton, Suzie Cate, Jessica Carter, Diane Grigg, Robbie Fienning, Paula Higgins, Angela Taylor, David Little, Nancy Spiller, Kathy Wells, Rick Gash, and Bobby Psencik, for they helped us bring the ATHENIAN to you by your cooperation in our sales drive.

Athenian Staff Compiles Record of Exciting Year's Activities

Pictures, deadlines, cropping, deadlines, lay-outs, deadlines, copysheets, deadlines, write-ups, deadlines, captions, deadlines, proofreading, deadlines, typing, and still more deadlines!

Words such as these have become everyday language for the yearbook staff. The members of the *Athenian* undertook an immense task in creating a yearbook which would reflect the students.

This year the *Athenian* was under the leadership of Helen Matthews, Editor; George Walker, Business Manager; Nancy Cantrell, Sports Editor; Connie Epting, Organizations Editor; Carol Dent, Sales Manager; Paige Roberts, Picture Editor; Bobby Hayes, Art Editor; and Photographers Kurt Hager and Don Allison. Mrs. Gay Wall was the sponsor.

People like to be individuals

- be interested in the peoples of other cultures.
- seek an education broad enough to prepare for a changing world.
- have an open and questioning mind about religious faith and seek to relate its meanings and purposes to decision-making in your own life.
